Hi, Lora --

Just wanted to let you know I received your messages, but I'm tied up in meetings this morning. Can I give you a call this afternoon?

Terry Simpson, Regional QA Manager

Only four types of organizations need to worry about data quality:

- Those that care about their customers,
- Those that care about profit and loss,
- Those that care about their employees, and
- Those that care about their futures.

Subject: Dimock Testing

Hi Terry,

Do you have any insight into whether or not water testing in Dimock PA is complete? Also, is there someplace I can find a summary of the analytical methods that were used?

Thanks!

Lora
